

THE MISSION OF THE BOYS & GIRLS CLUBS OF TUCSON is to provide young people in our community, especially those who need us most, with a clear path to reach their full potential and pursue their dreams.

2025 IMPACT REPORT

Better, Bigger, Bolder

Future Ready is about being better, bigger and bolder on behalf of the Tucson's youth and teens

Better

Enhancing the Club experience to stay relevant for today's youth and teens

Bigger

Growing our reach to address unmet need

Bolder

Expanding our influence to elevate opportunity for all young people in Tucson

Youth of the Year 2025

Mya is an active and influential member of her Clubhouse, whether she's participating in Keystone, SMART Girls, Torch Club, or helping launch a new cheer or volleyball team; her leadership and dedication shine.

One of Mya's favorite Club experiences was Parks in Focus, a program that gave her the chance to explore the outdoors and discover the beauty of nature beyond Tucson.

What sets Mya apart is her ability to lead by example. With a 3.6 GPA, a passion for academics, and a drive to excel in all areas of her life — from the classroom to the dance studio to the volleyball court — she's determined to set a high standard for her younger siblings and peers.

 **We serve over 6,000 youth in our seven Clubhouses**

 **We served more than 54,000 free meals during the school year and summer program**

 **We provided more than 33,000 snacks in our seven Clubhouses**

 **100% of our Club members participated in the Power Hour Program (Homework Help)**

 **For every \$1 invested in our youth, generates \$10.36 back into our community**

 **More than 600 Club members received Christmas Gifts in our seven Clubhouses**

 **We provided more than 200 backpacks during Back to School**

The newly remodeled Holmes Tuttle Teen Tech & Workforce Readiness Center, the first of its kind in Tucson, prepares teens for high-demand careers through hands-on learning in STEM, digital media, entrepreneurship, and skilled trades.

With state-of-the-art labs, mentorship, and real-world training, youth gain the skills and confidence to succeed in school, careers, and life.

Stories

"I see so many positive things in my daughter after she started attending the Pascua Yaqui Clubhouse, she interacts and participates in everything". **Mrs. Flores, Parent**

"Working at the Club allows me to see firsthand how our programs create a safe, supportive space where youth can grow, explore their strengths, and build skills that will stay with them for life".
Tim F., BGCT Staff member

OUR IMPACT

Our after-school programs provide Tucson youth with opportunities to create great futures.

"I've grown up at the Clubhouse as a neighborhood kid, and with everything that can happen around here, it's always been a place I could turn to. The Club has kept me involved and on a positive path. Being part of Keystone for the past two years has meant a lot to me, like helping out at the Club and getting to meet new teens. Because of Keystone, I also got to leave Arizona for the first time to go on a West Coast college tour, which really opened my eyes to new possibilities. The Club has helped me see a bigger future for myself".
Angel V., Club member

Every day, we open our blue doors to brighter futures in Tucson!

"I have been at the Clubhouse forever. I enjoy coming because they introduce me to things I didn't think that I would like to do. Volleyball being one. I am going to try out for my high school team because the staff encouraged me to try. I also found my love for photography at the Clubhouse too. I always hiked with my mom but never took pictures. I joined a program that let me do both and now I know what I want to do for my career".
Jayden B., Club member
